Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Wednesday 05 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunshine and showers, these wintry at first. Northerly winds.

Today:
An unusual May morning with northerly winds strong across coasts and pushing frequent, showers over the Highlands and Islands, these wintry to all levels at times, also a risk of thunderstorms in the heavier outbreaks. Maximum temperature 9 deg C (48 deg F).

Tonight:
Showers frequent through evening, before tending to thin and become lighter overnight. Winds north to northwest occasionally strong over the Hebrides. Frost for many away from windward coasts by dawn. Minimum temperature -2 deg C (28 deg F).

Thursday:
Another day of sunshine and occasional showers, perhaps thundery during the afternoon across the south. Northerly winds strong across western coasts and Isles. Maximum temperature 9 deg C (48 deg F).

Outlook for Friday to Sunday:
Friday and Saturday brings sunshine and a few scattered showers. Gales and periods of rain spreading from the south overnight Saturday, leading to a wet and very windy Sunday.
